

Voltage Probe

(Order Code VP-BTA)

This Voltage Probe can be used with the LabQuest™, Vernier LabPro®, Go!® Link, CBL 2™, and Easylink® to measure direct voltage. The red test clip should be attached to the voltage to be measured. The voltage should be in the range of + 10 to –10 volts. The black test clip is for ground. If you use two Voltage Probes at the same time, remember that the black leads are connected to a common ground.
